Complimentary Program Fee

Positive Periodontics: The Art of Communication...

Dewey A. Newbold, DDS, MSD

- Communication strategies that help patients make the right treatment decisions.
- Helping patients avoid unnecessary stress when treatment plans are presented.

Dr. Dewey Newbold received his DDS from Baylor (now Texas A&M University) College of Dentistry and completed a one year GPR at the VA Hospital in Dallas, TX. After 6 years of private general practice, he returned to Baylor for his certificate in Periodontics and MS in Dentistry. He currently practices and teaches periodontics and dental implant surgery in the AEGD Program at the South Texas Veterans Health Care System in San Antonio, and is an Adjunct Associate Professor in the Department of Periodontics at the UTHSC, San Antonio. Dr. Newbold maintains a strong interest in implantology, hard and soft tissue reconstruction, and esthetic periodontal plastic surgery.

Saving Natural Teeth with Periodontal Regeneration...

David Lasho, DMD, MSd

- Patient selection and treatment planning for regenerative therapy
- Regenerative techniques and materials that provide predictable success

Dr. David Lasho is currently a Clinical Associate Professor in the Department of Periodontics at UTHSC, San Antonio. He also maintains a part time practice in the Dental Faculty Practice Clinic. He is a 1975 graduate of the University of Minnesota School Of Dentistry. Following graduation, he entered the United States Air Force and practiced general dentistry for four years. In 1981, Dr. Lasho completed his USAF-sponsored residency in Periodontics and earned a training certificate and MS in Dentistry from Indiana University. During his twenty year military career, he spent eleven years on the teaching staff for Advanced Education in General Dentistry residencies. Dr. Lasho joined the faculty at UTHSCSA in 1996. He is a Diplomate of the American Board of Periodontology and currently serves as an Oral Examiner for the American Board of Periodontology.
